Justification for City/County Splits:

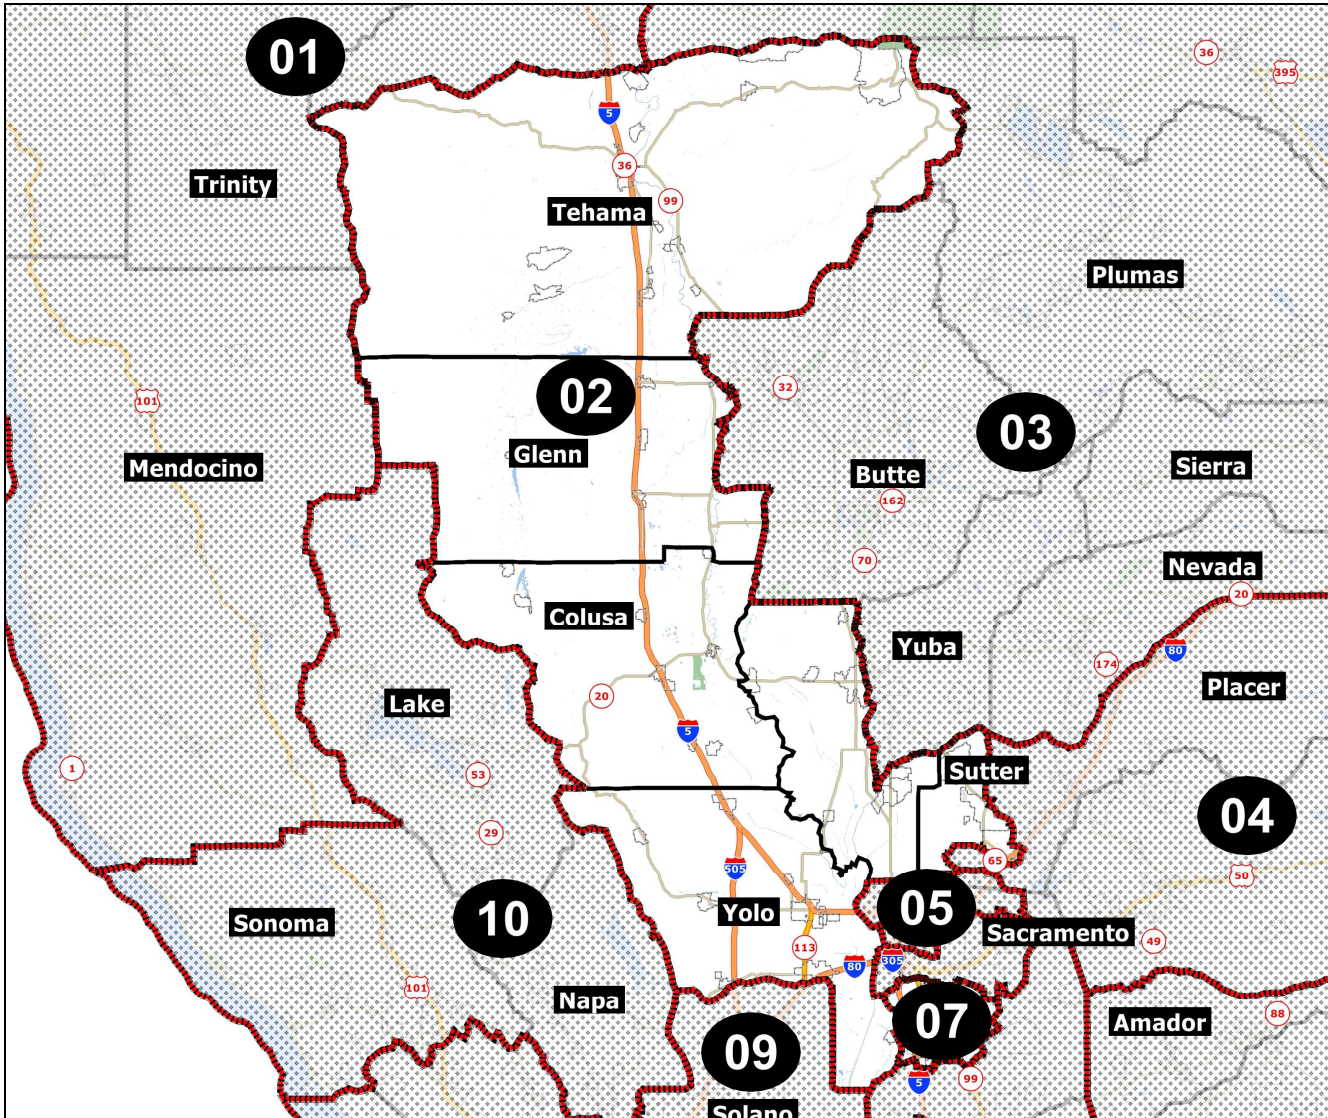

County	Justification
Shasta CA (part)	To reach population equality, district includes western side of county which has more similarities to northern coastal area than the eastern side of the county, rather than adding more urban communities in the south
Siskiyou CA (part)	To reach population equality, district includes western side of county which has more similarities to northern coastal area than the eastern side of the county, rather than adding more urban communities in the south

Neighborhoods/Communities of Interest: District 1 keeps together the northern counties of Del Norte, Humboldt, and Mendocino, which have similar industry, agriculture, environmental concerns and transportation corridors (Highway 101). Eureka and Redding also share the same media market.

Compactness: District is compact. (Population polygon score 0.50 or greater.)

Nesting: No Senate districts proposed in this area.

Justification for City/County Splits:

County	Justification
Placer CA (part)	District includes more rural areas of Placer rather than adding more urbanized areas in the south.
Yolo CA (part)	District keeps West Sacramento with more urban Sacramento County rather than rural portions of Yolo County.

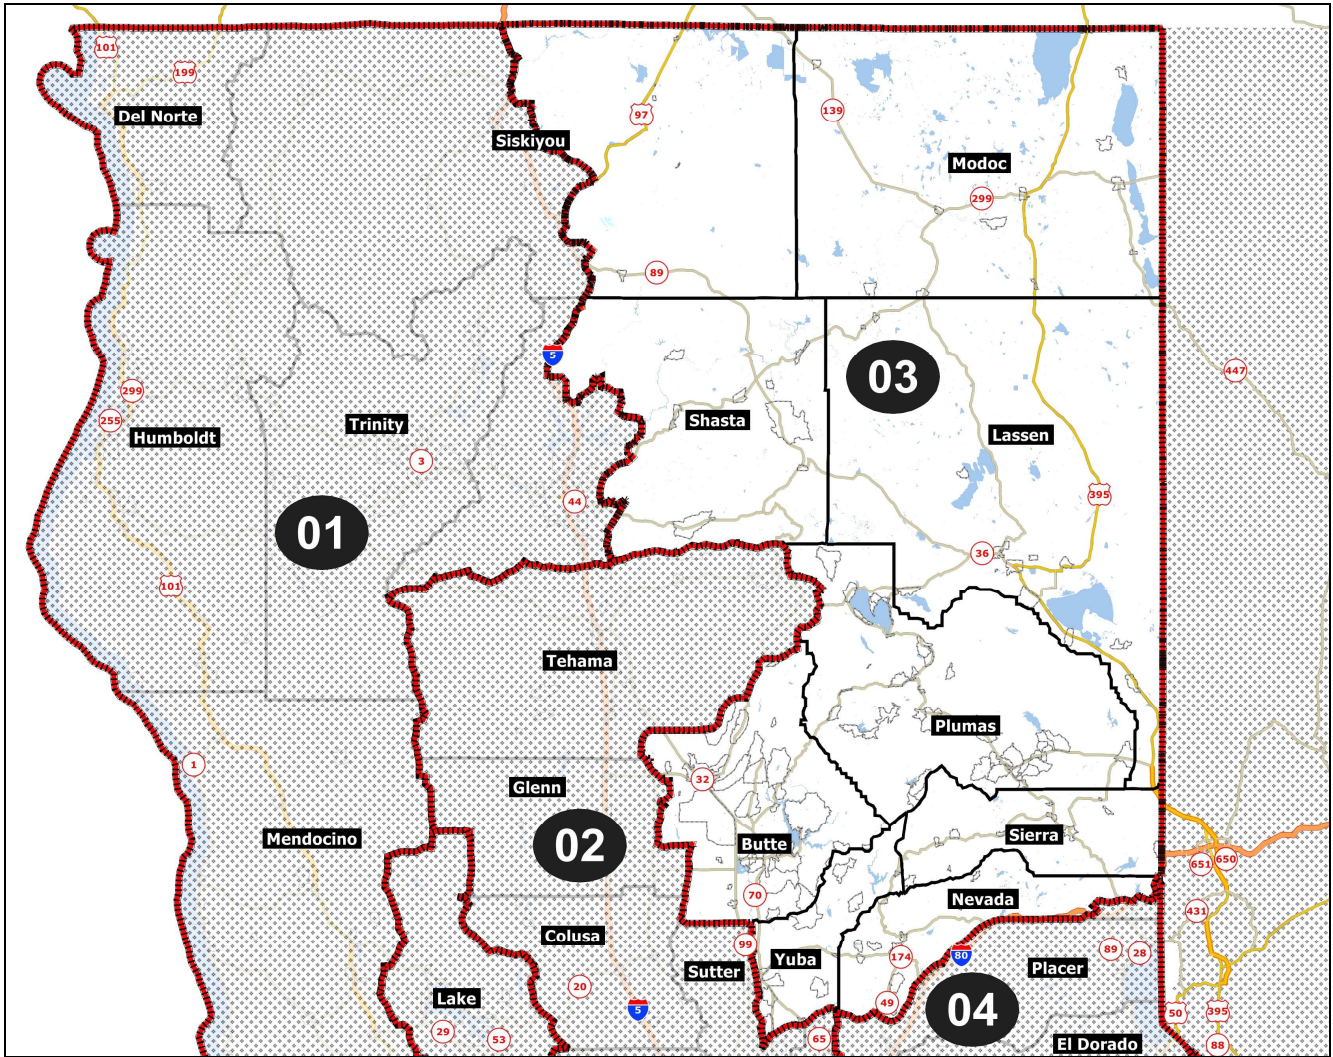

Neighborhoods/Communities of Interest: District 2 shares the same water from Putah Creek and Cache Creek, which is used for irrigation and recharging the ground water that all of the wells in the nearby cities and farms draw from. The district preserves an agricultural community of interest focused on the same crops, including rice, nuts, vineyards, tomatoes, alfalfa, almonds and walnuts.

District 2 keeps together Davis and nearby cities of Winters and Woodland, which make up a strong economic community of interest because UC Davis is a major employer in the region. The district includes Latino population in West Sacramento and Woodland and rural areas of Yolo County.

Compactness: Population polygon score is less than 0.50. Population concentrated in southern part of district and includes large unpopulated rural areas

Nesting: No Senate districts proposed in this area.

Justification for City/County Splits

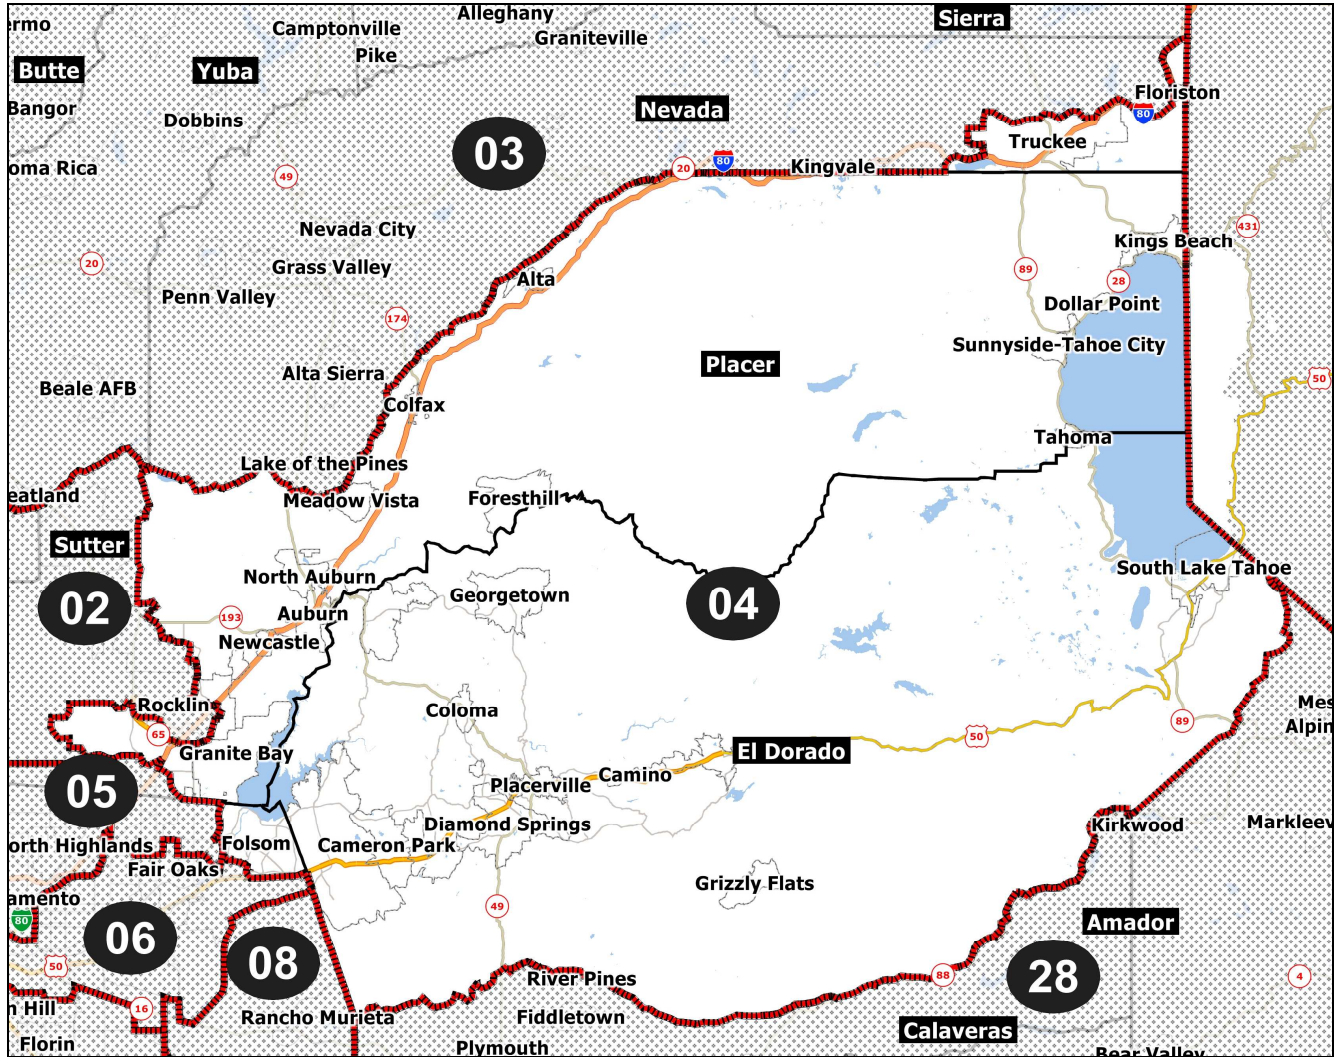

City	Justification
Kingvale CA (part)	City is located on both sides of the Nevada/Placer County border
County	Justification
Nevada CA (part)	District contains most of the county but population equality constraints prevent the district from containing all of it
Shasta CA (part)	Adjacent northwest District 1 requires more population to reach equality
Siskiyou CA (part)	Adjacent northwest District 1 requires more population to reach equality

Neighborhoods/Communities of Interest: The community in this district is tied together by rural interests, mountain foothill topographies, and Highway I-5. The district keeps logging and mining communities of interest together. The mountains supply the timber, which is the historical basis for this area's economy, and provide recreational and tourism opportunities for new economic development. The district is united by population demographics, unique agriculture, community needs, major highways, water issues, fire protection, energy transmission, education, and social services.

Compactness: District is compact. (Population polygon score 0.50 or greater.)

Nesting: No Senate district proposed for this area.

Justification for City/County Splits

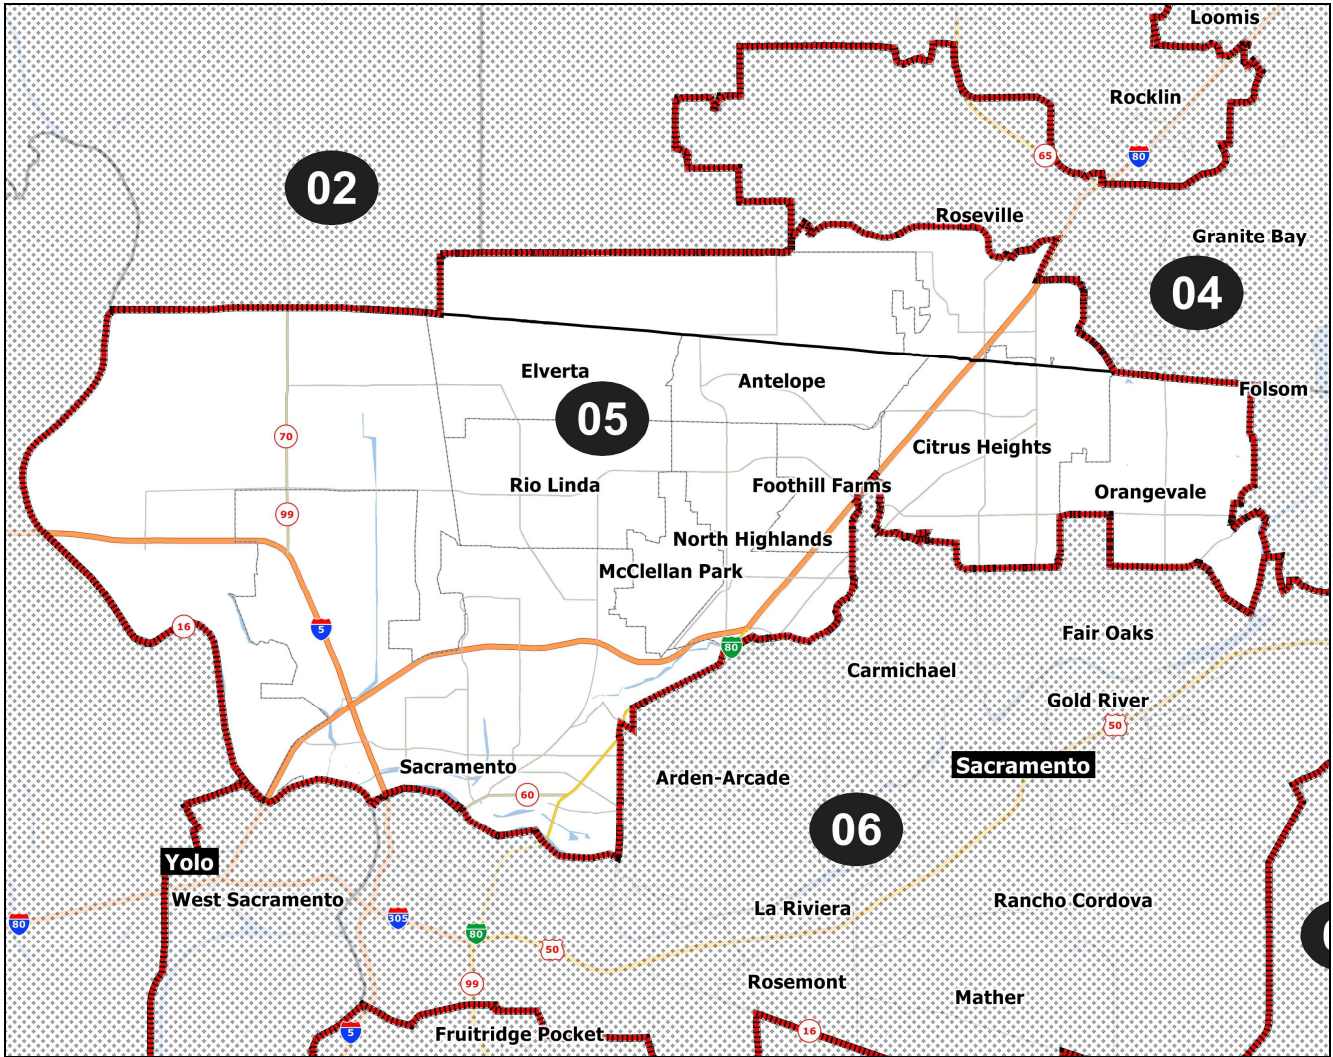

City	Justification
Folsom	District 6 needs part of the city to reach population equality
Kingvale	City is located on both sides of the Nevada/Placer County border
Roseville	District 5 needs part of the city to reach population equality
County	Justification
Nevada CA (part)	Keeps communities near Lake Tahoe in same district
Placer CA (part)	Most of county remains in district; western sections are in adjacent districts to reach population equality in those areas.
Sacramento CA (part)	District includes the eastern portion Sacramento County, which is more rural and has more in common with more rural areas of the state, rather than urban central area of the county

Neighborhoods/Communities of Interest: District 4 keeps the Lake Tahoe community of interest together.

Compactness: District is compact. (Population polygon score 0.50 or greater.)

Nesting: No Senate district proposed for this area.

Roseville	District includes portion of city to reach population equality
Sacramento	City's population larger than ideal size; city is split among districts to keep together communities of interest
County	Justification
Placer	District includes portion of county to reach population equality
Sacramento	County's population too large to be contained within one district

Neighborhoods/Communities of Interest: District 5 unites immigrant communities in the northern portion of Sacramento County. Similar socioeconomic characteristics include per capita income and percent foreign born.

Sacramento CA (part)	414,419	29.2%
Yolo CA (part)	48,744	24.3%

Justification for City/County Splits

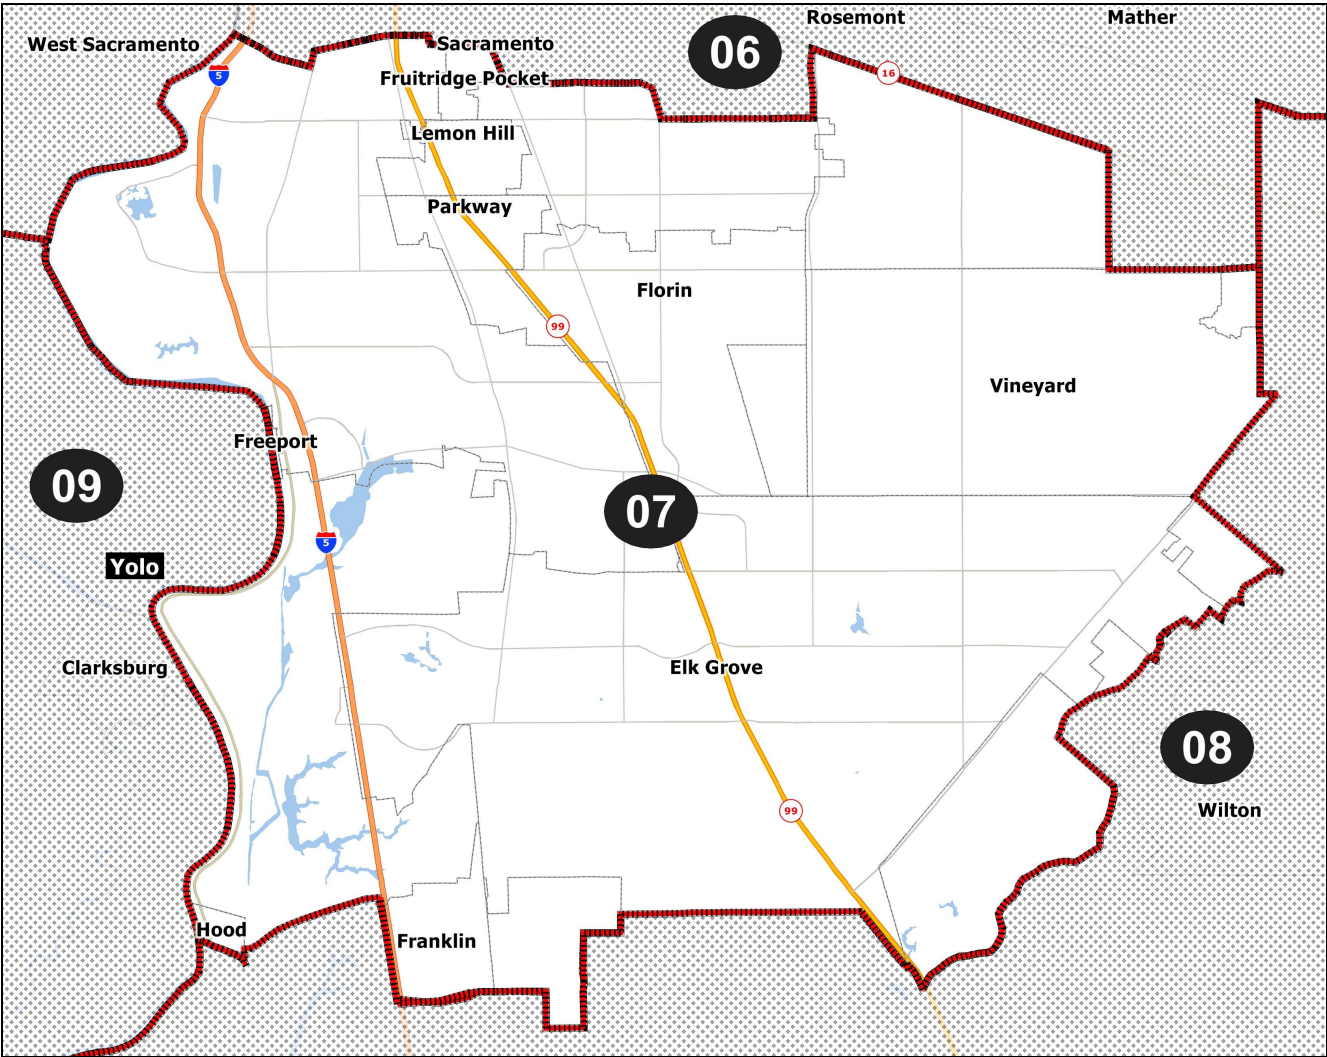

City	Justification
Folsom	District needs part of city's population to reach equality
Sacramento	City's population larger than ideal size of district; district includes higher income portion of Sacramento that is socioeconomically different from south and north parts of city
County	Justification
Sacramento	Population too large to be contained within one district
Yolo	District included more urbanized West Sacramento as part of a Sacramento County district; West Sacramento sits next to the city of Sacramento and shares more in common with urban areas than the western rural areas of Yolo County.

Neighborhoods/Communities of Interest: District 6 includes higher income communities in central Sacramento and puts West Sacramento, which is in Yolo County, in a more urban district rather than with rural areas to the west. This district shares similar socioeconomic characteristics including per capita income and Academic Performance Index scores for schools.

Compactness: District is compact. (Population polygon score 0.50 or greater.)

Justification for City/County Splits

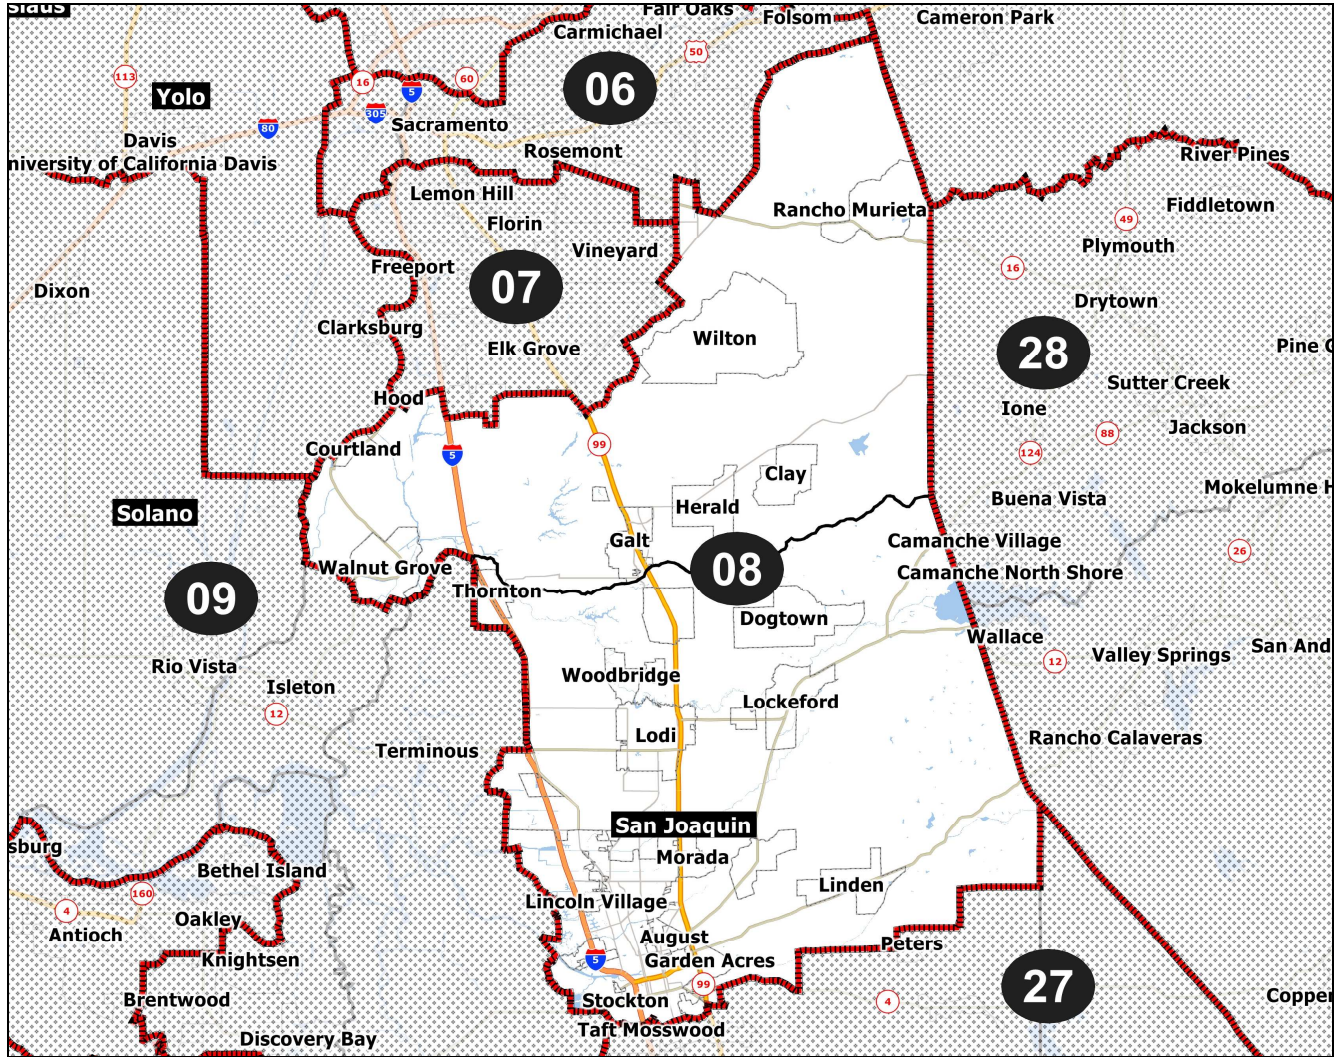

City	Justification
Sacramento	Unifies southern part of the city with other similar communities in neighboring cities and unincorporated areas.
County	Justification
Sacramento	Population too large to be contained within one district

Neighborhoods/Communities of Interest: District 7 unites socioeconomically similar communities in South Sacramento with Elk Grove and Vineyard. County	Population in District	% of County in District
Sacramento CA (part)	49,369	3.5%
San Joaquin CA (part)	419,026	61.1%

Justification for City/County Splits

City	Justification
Stockton CA	Unifies Galt and Lodi with a Stockton-based district but was unable to incorporate all of Stockton due to population constraints. Keeps district compact and adjacent to highway 99 instead of eastern counties.
County	Justification
Sacramento	Areas closer to Stockton share more in common with San Joaquin than dense city of Sacramento.
San Joaquin	Population is too large to include in one district.

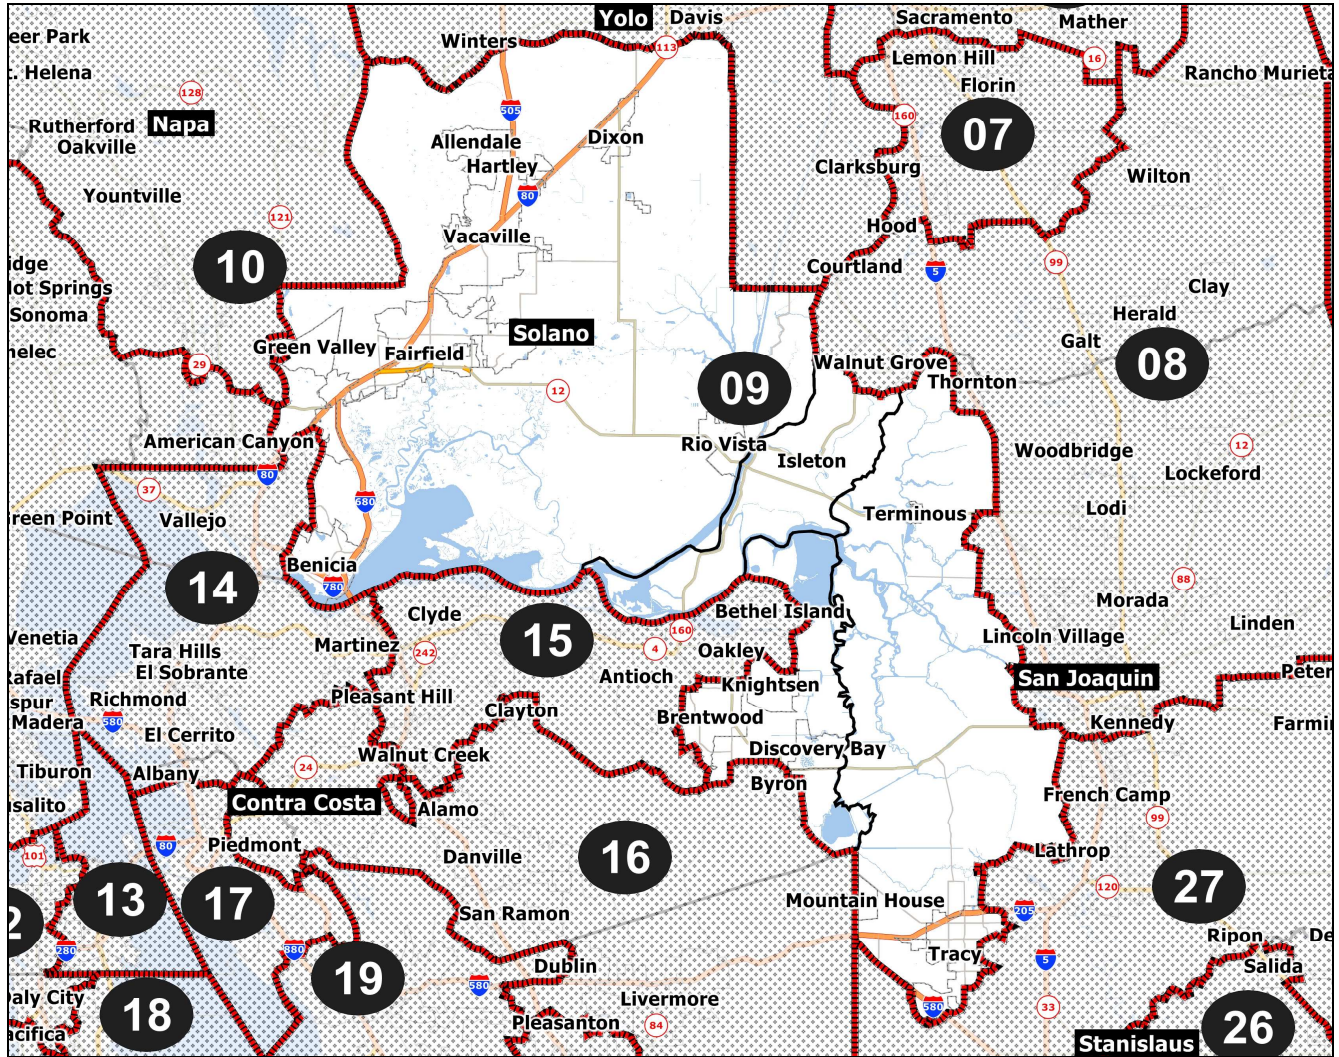

Neighborhoods/Communities of Interest: District 8 is another 99 highway corridor community of interest. This district joins Stockton in San Joaquin with Lodi and Galt in south Sacramento County. This district shares socioeconomic characteristics including per capita income and educational attainment; communities are primarily agricultural-based and also share resources such as regional hospitals spread throughout the district. The district shares same television media district with Sacramento.

Justification for City/County Splits

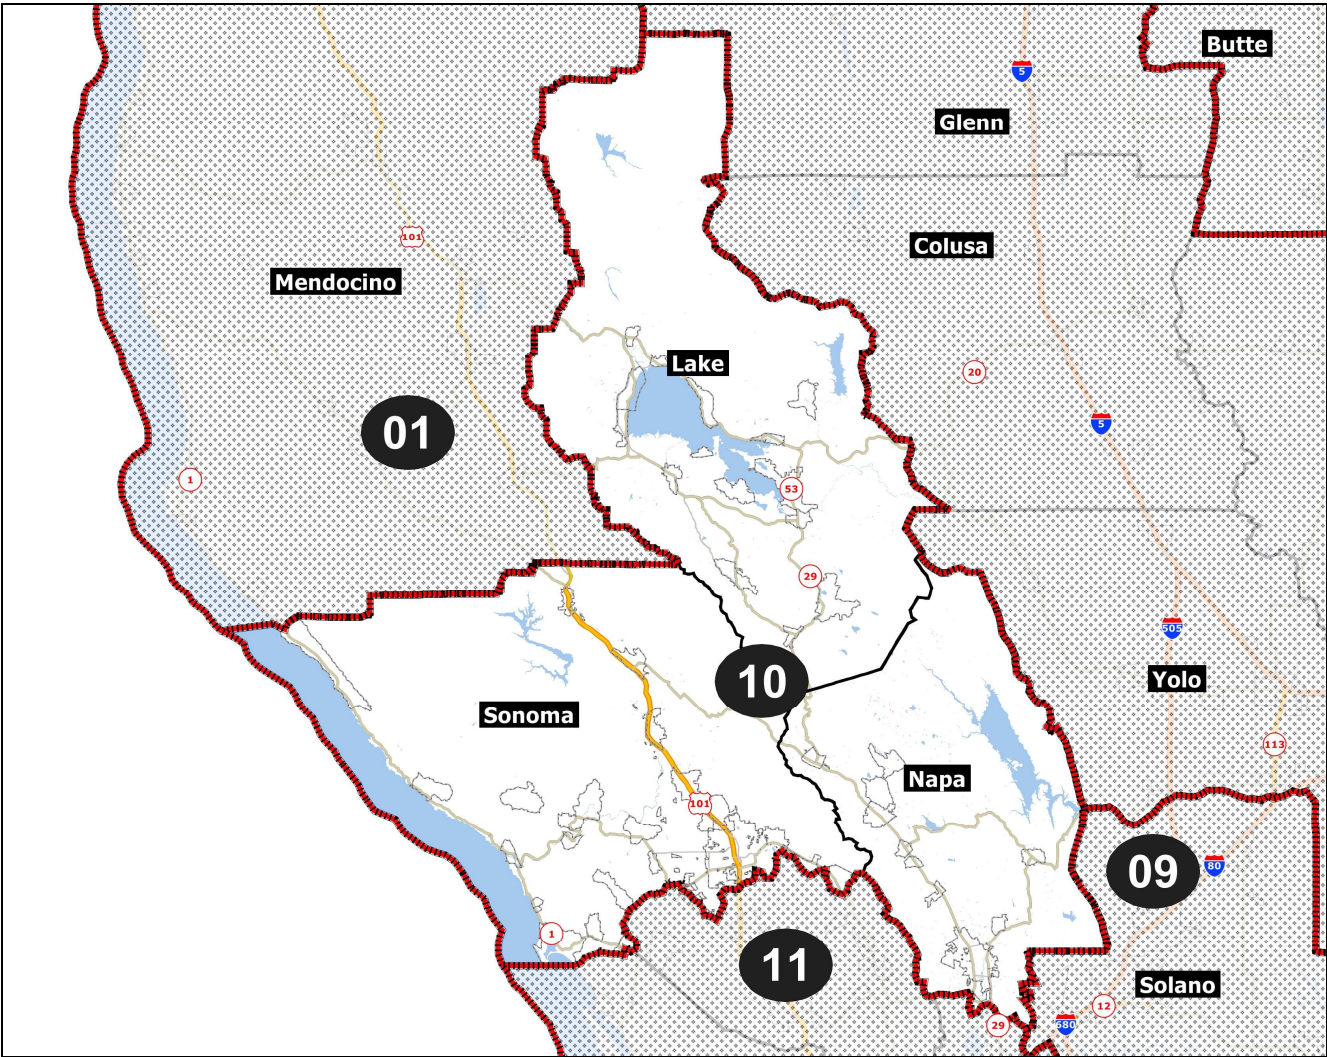

County	Justification
Contra Costa	Keeps northern county areas together in one district, joined with other areas adjacent to the Sacramento River Delta area
Sacramento	Keeps Sacramento River Delta communities with other Delta communities
San Joaquin	To keep Tracy whole within a district, had to unite it with other Delta communities
Solano	District includes nearly all of Solano county except for Vallejo which shared similar characteristics with Contra Costa County.

Neighborhoods/Communities of Interest: District 9 brings together communities around the Sacramento-San Joaquin River Delta with shared water policy concerns.
